

XIIth International Epidemiological Association
Eastern Mediterranean Scientific Meeting
Eastern Mediterranean Association of Medical Editors (EMAME)

SCIENTIFIC WRITING AND PUBLISHING WORKSHOP

Bristol Hotel, Beirut, Lebanon
Thursday February 21, 2019
09:00 – 16:30

Facilitators:

International:

Dr. Farhad Handjani, President,
Eastern Mediterranean Association of Medical Editors (EMAME)

Dr. Ahmed Mandil, Coordinator,
Research Development & Innovation, WHO/EMRO

Local: TBA

OVERALL AIM: To improve the knowledge and skills about scientific writing among young health professionals, which would increase scholarly scientific articles, in quality and quantity, stemming from our Region.

LEARNING OBJECTIVES

- To promote scientific writing skills among young academics and researchers
- To familiarize participants with contemporary issues related to scientific writing (e.g. authorship criteria, publication ethics, submission guidelines)
- To promote the concept of publication ethics and related issues among early career researchers in order to prevent unethical writing practices.

WORKSHOP TOPICS:

- Types of Scientific Articles
- Authorship Criteria; Ghost & Gift Authorship
- Writing an Abstract & Introduction
- Writing Material & Methods
- Presenting (and Writing) Results
- Writing Discussion & Conclusion
- Research & Publication Ethics
- On-line Submission & Open Access Publishing
- Predatory Journals

WHO SHOULD PARTICIPATE: young health professionals/academic staff

REGISTRATION

Fees (all inclusive): USD 100

Deadline for registration: January 5th, 2019
